Dear Sir/Maam,
Greetings!

In line with our objective to provide our students with a holistic, quality, and relevant education in all discipline, we have always emphasized a dynamic curriculum; hence, instruction is pragmatic in approach. Students are given the best training after having finished the theoretical requirements in school.

It is in this context that this office wishes to recommend, **Mr. Jhon Francis T. Cabizares**, a **Bachelor of Science in Information Technology (BSIT)** student to undergo training in your company, for two fifty (250) hours.

We look forward for your favorable response on this matter. Thank you for being a part of our thrust to provide the youth with quality education.
Very truly yours,
